

HCOP

Health Careers Opportunity Program

A Community Partnership Advocating and Supporting Health Career Professions of Students

Are you considering a career in a Health Profession?

Want to **EARN** some Cash while you learn how?

Then let **HCOP** help you!

The Health Careers Opportunity Program (HCOP) is a comprehensive program designed to help and prepare students today, to be health professionals for tomorrow. West Virginia University will conduct a six-week summer residential program for students interested in medicine, dentistry, and pharmacy or for students interested in allied health. The Preliminary Education (PE) program is designed to aid incoming college freshman students to prepare academically and personally for the rigors of a health profession education. High School students that will be seniors as of Fall 2010 and have an interest in Dental Hygiene only, can also apply. The primary goal of this project is to provide students with the knowledge, skills, support, and abilities to enter and graduate from post-secondary schools offering careers in medicine, dentistry, pharmacy, physical therapy, occupational therapy, medical technology and dental hygiene. **Only 30 students will be selected!** **Students enrolled will receive a stipend to cover all expected costs of participating in this summer enrichment program; such as housing, supplies and food.**

Deadline for applying is April 17, 2010.
